Hi Bob,

I did some research this weekend and I came up with the following below. Please give me a call to discuss.

Thanks,

James.

PAINT

Please see the attached photos. I'd like the gills to stay black, as in the attached pictures. For the rest I'd like to go with a Startk White with a few coats of clear and/or glaze to give it some depth.

EXHAUST

I'd like the exhaust tucked under the seat where the noise is behind the rider. I found an option at the following link: <http://www.parts-unlimited.com/products/?lfr=product%2F80787>

Hi Bob,

An option would be to go with the below pipes and do something creative over next winter.

What are your thoughts?

Another option we offer if you do not mind loud is shorty pipes that stop at the base of the swing arm.
